Your support matters

Sponsor the world’s most prestigious gathering for information architecture, while helping to create a truly unique conference.

The IAC is attended every year by hundreds of influencers and thought leaders in information architecture, user experience design, and content strategy as well as designers looking for something more than just the standard design conference.

We have an opportunity to reconnect in 2022, to come back together online and if we are lucky, in-person, with new perspectives and to forge a new vision for our community. Working together, we can reconnect stronger, better, and more open-minded—but this will take all of us working together.

We are looking for sponsors that will:

• Expand our perspectives on information architecture
• Guide us toward a more inclusive community
• Show us the future(s) of IA

Let’s collaborate and get creative. We also accept in-kind donations such as books, subscriptions, licenses, swag, etc.
Sponsor the initiatives

Contact us for more information about any of these topics. Initiative sponsors will be also recognized throughout the conference.

**Diversity, Equity, and Inclusion (DEI)**

Provide compensation to attract diverse speakers, scholarships for individuals from underrepresented communities, and DEI training for all volunteers. Your sponsorship will help us continue our work to make the IAC more diverse, equitable, and inclusive for all that attend.

**Student outreach**

Provide a warm welcome to our newest community members. We are working to get students the opportunity to step into this field and meet the wonderful professionals and practitioners attending this conference. Sponsorship can go towards creating your own conference experience to access students or more scholarships specifically for students.

**Scholarships**

Sponsor a wide range of scholarship tickets, from one to unlimited. We would like to offer more scholarships this year for those affected economically by COVID-19 and students. Since 2018, more than 40 students have received scholarships to attend the conference from:

- California College of the Arts
- DePaul University
- Jefferson University
- Kent State University
- Jönköping University
- Montreal University
- Morehouse College
- New York City College of Technology
- Pratt Institute
- University of British Columbia
- University of California, Los Angeles
- University of Maryland
- University of Michigan
- University of Texas at Austin
- University of Washington

**Conference accessibility**

Improve accessibility of the conference through captioning technologies and transcription service for all sessions. Hire people to support live captioning and use more accessible conference delivery platform.
Craft your own sponsorship

Let's work together to get the visibility and recognition that works for you. Leave an impression with attendees and support the creative atmosphere of the conference.

How your backing might support the conference:
- Scholarships for student attendees
- A surprise special guest
- Goodies for all the speakers
- A virtual lounge or product workshop for attendees with your brand, front-and-center

Have a great idea to make the event even better? Want to give an open-ended contribution that our volunteer organizers can put to good use? Let’s talk!
